

GLASS CLEANER

An industrial-strength, streak-free glass cleaner that removes dirt, grime, smudges and fingerprints

PRODUCT OVERVIEW

We think this is the best Glass Cleaner on the market. We've tried it on glass, plastic, even surfaces we probably shouldn't have just to see how far we could push it - but it doesn't quit. This professional-grade Glass Cleaner is specially formulated to dissolve dirt and dry rapidly and without leaving streaks or a film. Using a spray bottle, hold 6-8 inches from surface and apply directly, then use a squeegee or cloth to wipe clean. To clean computer screens, spray onto a cloth first, then apply to screen surface.

FEATURES & BENEFITS

- Perfect for glass, windows, mirrors, windshields, plastic, polycarbonate, computer screens, vinyl, chrome, metal and other water-safe surfaces
- Specially formulated to dry rapidly and streak-free
- Designed to meet the health, safety and performance needs for industrial, institutional and commercial use
- Biodegradable and phosphate-free
- Proudly made in the USA
